

James Greer, P.E.  
Assistant State Engineer  
Utah Division of Water Rights

James graduated from Brigham Young University with a Master's Degree in Civil and Environmental Engineering in 2005. That same year he began his career with the Utah Division of Water Rights and has had the opportunity to work in several sections of the division. James has been involved in agency automation efforts, quantifying and accounting of water rights, and development of management plans for surface and groundwater basins. James is currently Assistant State Engineer over the Technical Services Section.
